VET subjects are assessed differently to General and Applied subjects. Students have multiple opportunities throughout the year to achieve a competency. Each term, there are a range of due dates for completion of work to ensure students do not fall behind.

- Assessment tasks in green are summative and results contribute to ATAR calculations.
- Assessment tasks in blue are summative and results contribute to final Year 12 results.
- All assessment tasks contribute to QCE attainment for Year 12 students and therefore submission on or before the due date and attendance at exams is mandatory in order to earn QCE credits.
